

License Agreement

License ID number: 18773

Licensee: University of California San Diego

Primary Address: 9500 Gilman Drive, La Jolla, CA 92093-5004

This **License Agreement** between Springer Customer Service Center, LLC., [Text deleted], USA "Springer" and Licensee incorporates the Terms and Conditions for Online Products of Springer and attached to the California Digital Library License Agreement with License ID 9108. The Specific Provisions for the online products attached to this License Agreement are also incorporated herein.

1. Content and License Fees

| Content | License Fee |
|------------------------|----------------|
| Springer Book Archives | [Text deleted] |
| License Fees in Total | [Text deleted] |

2. Payment Terms

2.1 Licensee shall pay the License Fee for Springer Book Archives as follows;

| Product | Invoice Amount | Payment Due Date |
|--|----------------|------------------|
| Springer Book Archives – Mathematics & Statistics – Invoice #1 | [Text deleted] | 30 days |
| Springer Book Archives – Mathematics & Statistics – Invoice #2 | [Text deleted] | 12/31/15 |
| Springer Book Archives – Mathematics & Statistics – Invoice #3 | [Text deleted] | 12/31/16 |
| Springer Book Archives – Mathematics & Statistics – Invoice #4 | [Text deleted] | 12/31/17 |

3. Miscellaneous

Licensee shall send a fully executed original of this License Agreement to Springer within 30 days of Springer's commencement of Licensee's access to the Content or receipt of this approved License Agreement. In the event that Licensee fails to do so, Springer may discontinue access to the Content.

IN WITNESS WHEREOF, the parties have signed this License Agreement by their respective, duly authorized representatives with effect from Licensee's access to the Content.

**Specific Provisions
Springer Book Archives**

1. Duration of Access

Upon issuance of invoice and subject to Licensee's and Participating Libraries' compliance with this License Agreement, Licensee and the Participating Libraries, shall be entitled to continuous access to the Springer Book Archives. From January 1st, 2017 Licensee shall pay an annual hosting fee in the amount of [Text deleted] for access through Springer's Websites, which will be waived during those years that Licensee and/or any Participating Library subscribes to or acquires any additional Content, either as a site License Agreement or through a Consortium.

2. Springer Book Archives

2.1 Licensee shall have access to the following number of Titles:

| Subject Collection (English) | Number of Titles* |
|-------------------------------------|--------------------------|
| Mathematics and Statistics | 7,299 |

**Title list as of 1st, June 2015 included in section 3. The title list can be downloaded at <http://link.springer.com/lists>.*

2.2 The License Fee is based on the inclusion of the number of Titles in the respective Springer Book Archives packages. If the total sum of the eBooks in the Springer Book Archives acquired under this license contains less than 97% of the number of Titles of the Springer Book Archives in total, Springer may offer Licensee either (1) a discount on any future acquisition of any Springer Book Archives package or any other online product in the amount according to the shortfall, or (2) access to an additional online product not presently licensed to Licensee. If Licensee does not select either of these options and it requested by the Licensee, Springer will provide Licensee a monetary refund prorated against the Licensee Fee to be proportionate to the number of titles removed from the package.

2.3 If the quantity of titles at any given time subsequent to the purchase exceeds the number of Titles included at the time of purchase by more than 8% due to but not limited to acquisitions and/or digitization of additional imprints from the Springer group companies or from any third party, Licensee shall only be entitled to have access to these additional titles against payment of a license fee (the "Supplement Fee") which shall be proportionate to the increase in Titles. The same shall apply if the quantity of titles at any given time exceeds the number of Titles on which the Supplement Fee is based by more than 8%. Licensee may opt not to purchase supplemental titles without penalty or effect on access to previously licensed content.

2.4 Springer makes all reasonable effort to add all books of the Title List to the Springer Book Archives but cannot guarantee access to all Titles or any specific Title as the Title List may be subject to change. Any book titles included in Series and volumes covered by the Online Journal Archive licensed by the California Digital Library as part of Springer Multi-Site License Agreement dated January 1st, 2005 and amended May 25th, 2005 will remain licensed by the California Digital Archive and are not subject to inclusion or change as part of this agreement.

2.5 If available, Springer's MyCopy service will be activated for those Titles that Licensee has acquired under this License Agreement and that are MyCopy compatible.
